# 501DF with RL2A (ATEX)

# pumphead

500 series close-coupled pumps

## Features and benefits

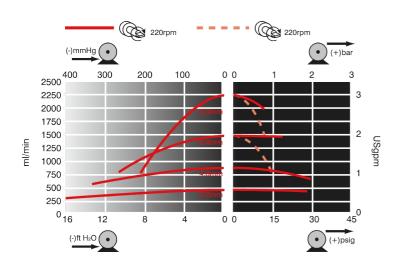

- Flow rates up to 2800 ml/min and peak pressure up to 2 bar
- Heavy-duty pumphead construction with impact-proof safeguard
- Sprung rotor gently compresses tubing using large low friction rollers with sealed bearings, guaranteeing long tube life and accurate metering
- Fast and simple pumphead set-up using a clutched rotor
